

Sport/Events

Environmental Consulting

Client

Atlanta Committee for
the Olympic Games

Location

Atlanta, Georgia, United States

CH2M HILL was selected to be the first Environmental Advisor for an Olympic Games, which involved environmental management for the planning and operational phases of the games.

We prepared an environmental management plan that was implemented by the Atlanta Committee for the Olympic Games (ACOG) with our support. We also provided a baseline assessment and commissioning analysis of

environmental performance for air, water, wastewater, and solid waste at each venue; a comprehensive audit of Olympic environmental press to identify issues of concern; and a contingency plan for environmental emergencies.
