As a global leader in full-service engineering, consulting, design, construction, and operations, CH2M HILL combines international best practices with local expertise to provide solutions that add the most value to your business operations in Europe.

We can manage your programme in Europe

With more than 1,200 professionals throughout the region, CH2M HILL provides comprehensive services that span the entire life cycle of a project. We understand local markets, industries, regulations, cultures, and languages—and couple this knowledge with the bandwidth of our extensive network of over 25,000 employees in regional offices worldwide.

CH2M HILL has delivered some of the largest, most complex water, environmental, and infrastructure programmes in the world. We align the efforts of hundreds of designers, contractors, and third parties to our client's programme goals and standards. We quickly integrate into our client's teams to help them stay on schedule, reduce costs, and seize new opportunities—employing advanced technologies, proven systems, and programme managers to control programme elements and interfaces.

Cableuropa ONO Programme

London 2012 Olympic and Paralympic Games—CH2M HILL is one of three firms comprising the international programme management consortium, CLM Delivery Partner, chosen by the Olympic Delivery Authority to oversee the design and construction of the venues and infrastructure for the 2012 Olympic and Paralympic Games.

United Kingdom Atomic Energy Authority (UKAEA) Decommissioning Programme—CH2M HILL is a key player in successfully managing and operating the decommissioning, waste management, waste fuel strategies, and support service operations at the UKAEA nuclear research sites of Dounreay, Windscale, Winfrith, and Harwell. The scope of work also includes the major construction of new waste storage facilities and nuclear fuel retrieval and processing facilities.

Cableuropa ONO, Spain—CH2M HILL provided programme management, engineering, design, and construction services for 7-year communications network rollout, bringing cable to nearly 7 million homes by project completion. CH2M HILL mobilized rapidly, allowing ONO to deliver services within 6 months.

From site selection, master planning, and feasibility studies through design, permitting, and construction to start up, commissioning, and operations—we are your single point of contact and responsibility.

We partner with your industry

- Municipal Water, Wastewater, and Water Supply
- Aviation, Ports, Transit, and Rail
- Nuclear Decontamination and Decommissioning
- Chemical Manufacturing
- Environmental Remediation and Compliance Management
- Environmental Industrial Systems
- Commercial Nuclear
- Oil and Gas
- Electronics and Advanced Technologies
- Manufacturing
- Life Sciences
- Communications Infrastructure
- Security Systems

Mallinckrodt Pharmaceuticals, Ireland

Yorkshire Water, United Kingdom

Dow Chemical Company
Locations throughout Europe

STMicroelectronics Plant, Italy

Bielsko-Biala Wastewater Treatment
Plant Poland

Russia Standard Vodka Production
Factory Russia

BP Solar, Photovoltaic Manufacturing
Spain

We provide services for your success
