Our presence in Mexico

CH2M HILL is a global leader in full-service engineering, construction, and operations. Our office in Mexico, placed in the City of Mexico, has approximately 250 employees and it is in this country since 1992.

Mexico local office is backed by a USD 6.4 billion company serving clients worldwide with over 25,000 employees in 80 countries. We use technology transfer and project development capabilities to complete projects that meet world-class standards.

Using established relationships and joint ventures with local firms, we deliver solutions and experience in the manufacturing, commercial and institutional facilities, wastewater, environmental, energy, transportation, communications, gas, oil, chemicals and petrochemicals, food and beverage, pharmaceutical, biotechnology and IT solutions areas.
