

Our Presence in Russia

Exxon Neftegas Ltd., Sakhalin

CH2M HILL is a global leader in full-service engineering, planning, consulting, construction, project management and operations. We have been working in Russia for over 31 years and employ more than 80 permanent staff in our offices in Moscow, St. Petersburg, Samara, Belaya Kalitva, Pokrov, Yuzhno-Sakhalinsk, and Krasnoyarsk.

Michelin Tires Manufacturing Facility
Davydovo

We provide total services for site search and due diligence, governmental permitting and approvals, environmental permitting and remediation, design, and project/construction management.

Our local offices and staff are backed by a US\$5.8 billion company serving clients worldwide with more than 25,000 employees in 77 countries. We are your single point of contact and responsibility, taking your project from concept through planning, financing, permitting, design, procurement, construction, and operations. We use our technology transfer and project development capabilities, as well as established relationships and joint ventures with local firms, to complete projects that meet world-class standards.
